

# COUNTY OF YORK

## MEMORANDUM

**DATE:** March 22, 2006 (BOS Mtg. 4/4/06)

**TO:** York County Board of Supervisors

**FROM:** James O. McReynolds, County Administrator 

**SUBJECT:** Approval of Procurement Action

The attached resolution provides for the approval of County purchases by the Board of Supervisors in accordance with its policy for procurements of over \$30,000. The Board's approval is requested for procurement of the following:

*Pavement Maintenance Services* – An IFB was issued and advertised to sealcoat and re-stripe asphalt parking lots at the Courthouse, the Administration Building, the Finance Building, York Hall, Water Street lot west of the bridge, and the beach picnic area. Eight (8) bids were received, with the lowest responsive and responsible bidder being Slurry Pavers Inc., in the amount of \$52,542. Sufficient funds are available in the CIP to complete this project.

*Fire Station Telephone Systems* - The six (6) fire station telephone systems, which were purchased in 1990, have exceeded their life expectancy and require frequent repairs. A phased replacement of systems at 3 fire stations per year was scheduled to begin in 2006 to ensure compatibility and functionality. Desired replacement systems are available on a Federal General Services Administration (GSA) contract, and County Policy requires no additional competition if a "Cooperative" contract can be utilized. Coupling some carry over money from the FY2005 CIP with funds in the current CIP, four systems can be purchased this year for a total of \$37,529.

These procurements have been conducted in accordance with State procurement laws and/or County procurement policy, and I recommend they be approved through the adoption of proposed Resolution R06-34.
